Profile

Results-driven professional with a diverse background in science tutoring and freelance graphic design. Strong passion for technology and a desire to pursue a career in Full Stack Development. Self-motivated, quick learner, and adept at problem-solving. Equipped with a solid foundation in programming fundamentals and a keen eye for design aesthetics. Excellent communication skills, adaptability, and a collaborative mindset. Committed to continuous learning and eager to contribute to dynamic and innovative development projects.

Work Experience

Tutor

PrimeTuition   2021-Current

- Conducted individual and group tutoring sessions for A-Level and GCSE students in science subjects, fostering strong analytical thinking and problem-solving skills.
- Developed personalized lesson plans and instructional materials tailored to each student's learning style, resulting in 93% average improvement in their grades and test scores.
- Utilized various teaching techniques, including visual aids, hands-on experiments, and interactive discussions, to enhance student engagement and understanding of scientific concepts.
- Adapted complex scientific theories and principles into relatable and accessible examples, facilitating 48 students' comprehension and application of scientific concepts.
- Encouraged critical thinking and inquiry-based learning, fostering a curiosity-driven approach to problem-solving among students.
- Developed and delivered technology-integrated lessons, leveraging educational software and digital tools to enhance the learning experience.
- Fostered a positive and inclusive classroom environment, promoting effective communication, collaboration, and teamwork among students.
- Collaborated with colleagues to develop and align teaching resources, share best practices, and implement innovative teaching strategies for science education

Graphic Designer

Freelance   2020-Current

- Collaborated with diverse clients to create visually compelling designs for print and digital media, including logos, branding materials, brochures, websites, and social media graphics.
- Translated client requirements and brand guidelines into creative and effective designs that aligned with their vision and target audience.
- Managed multiple design projects simultaneously, meeting deadlines and maintaining high-quality standards.
- Utilized industry-standard graphic design software, such as Adobe Photoshop, Illustrator, and InDesign, to create visually stunning and professional designs.
- Conducted thorough client consultations to understand their needs, preferences, and objectives, resulting in 78% increase in client satisfaction and repeat business.
- Leveraged typography, color theory, and layout principles to create aesthetically pleasing and visually balanced designs.
- Applied creative problem-solving skills to address design challenges and find innovative solutions that met both client requirements and design best practices.
- Stayed up-to-date with the latest design trends and emerging technologies, continuously improving skills and incorporating fresh ideas into design projects.
- Built and maintained strong client relationships through effective communication, timely delivery, and exceptional customer service, resulting in increase in client referrals.
